高品质CE认证 High quality CE marking

Module B证书

Module D证书

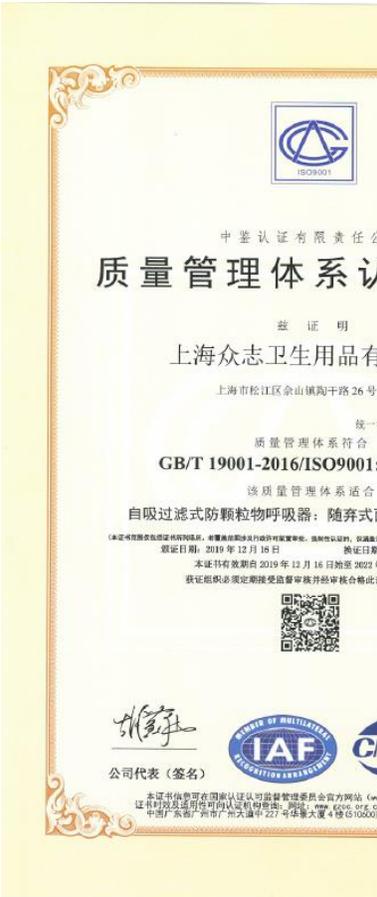

拥有由BSI（英国标准协会,由英国皇家宪章成立）颁发的Module B+D证书。

BSI颁发的CE0086(老) / CE2797 (新)是当今PPE行业最权威的认证机构之一，仅接受欧洲国家的部分实验室检测结论。美国3M公司的口罩CE认证与我司一致。

Module D证书通过实地验厂的方式审核基于生产过程质量保障下的产品符合性，其说服力和通过难度均高于C2证书

Module B+D certificate issued by BSI (British Standards Institute, established by Royal Charter). The CE0086 (old) / CE2797 (new) issued by BSI is one of the most authoritative certification bodies in the PPE industry today and only accepts some laboratory test results from European countries. The CE certification of 3M masks in the USA is in line with our own. The Module D certificate is more convincing and difficult to pass than the C2 certificate, as it is based on the quality assurance of the production process by means of on-site factory inspection.
